LED Over 80 In. Wide Submersible Combination Trailer Light Kit

## Product Overview

The REESE Towpower low profile LED trailer light kit is easy to install, includes all hardware and complies with legal lighting & reflectors for the trailer. Complete with everything you need to install rear lighting on your trailer, this kit even has the license plate mounting bracket. The long life LEDs and the stainless steel bolts will give you extended service over the traditional incandescent lighting kit. Upgrade your trailer with brighter and longer lasting lights. Rest assured REESE Towpower lighting products comply with department of transportation light requirements.

- LED light rated at 100,000 plus hours
- Tail lights are waterproof and are suitable for marine environment
- Meets or exceeds all D.O.T. requirements for trailers over 80 In. wide
- Mounting hardware and installation instructions included
- Kit includes 48 In. vehicle connector
- No bulbs to change
- Tail lights incorporate side marker clearance lights
- All hardware is stainless steel to resist corrosion
