- Solaris® LED reflector technology
- ROC (Reliable Onboard Circuitry)™ technology
- Each model includes left, right and center-out warning signals
- Five-year warranty

APPROVALS

- SAE J845 Class 1, CAC Title 13 Class B

A complement to any warning solution

Latitude™ SM is an addition to Federal Signal's family of SignalMaster™ directional lights. Equipped with three-LEDs per position and Federal Signal's Solaris® LED reflectors, the Latitude SM delivers an impressive optical performance for your vehicle. This directional stick light is available as 6-head (24.2") and 8-head (31.8" and 48") model suitable for many vehicle applications.

Latitude SM includes the economy SignalMaster controller that allows for easy installation. The controller operates the built-in warning signals of left, right and center-out for rear traffic direction.

Flashing models are available

The Latitude Series is also available in flashing models. These models are programmed with 10 eye-catching flash patterns. The flashing models are available in LED colors of Red, Blue, White or Amber. Visit www.fedsig.com for more information on flashing patterns models.

A simple concept you can depend on

Built to last, the Latitude is engineered with ROC (Reliable On-Board Circuitry™) technology. ROC eliminates failure points found in similar warning products.

Available for both interior and exterior applications, this sensible warning light is built with an innovative co-extrusion, polycarbonate housing for moisture resistance. Latitude SM is compatible with SignalMaster brackets. Both interior and exterior brackets are available.

SL8S-A48

Latitude SignalMaster is compatible with Federal Signal's SignalMaster brackets.
